

**TECHNICAL SHEET**

**Ref.2642 Clear - 264201 Shaded ARES VISOR ANSI**

Protective visor that delivers maximum optical quality thanks to the polycarbonate injection manufacturing process. Compatible with all Ares series helmets.

Can be easily installed and removed without the use of any tools.

The curvature is designed to follow the contours of the nose and cheekbones while still guaranteeing optimal visibility.

The action can be fine-tuned with screw tensioners on the sides.

Anti-fog and scratch resistant treatment.

Available in two versions: clear and shaded.

Standards:

- American standard Z87.1.

**This product is not available in Europe.**
